### **III. Committee Reports**

#### **A. Fire Safety**

Lot clearing was discussed as a safety issue. The idea of requesting Mariposa County to require vacant lot owners to clear brush and enacting fines for not clearing was discussed. It was decided that there are other community committees working on this issue. The need for fire evacuation rules and improved signage was discussed. No action was taken.

#### **B. Website**

The issue of listing contractors on the YWPHI website was discussed. The goal was to provide information to the membership, referrals for satisfactory contractors and make it easier for members to maintain their homes and yards. The concerns were liability by the YWPHI and fairness to contractors. No action was taken.

### **IV. Old Business**

None.

### **V. New Business**

#### **A. Emergency Telephone Tree**

The community Yosemite West Emergency Telephone Tree needs to be updated with new home and landowners. In addition, the community members who have had "fire hose training" should be noted on the Yosemite West Emergency Phone Tree. No action was taken.

#### **B. Mailboxes**

Discussion included whether additional mailboxes are needed to meet the demand of new home and landowners and to improve security. It was reviewed and suggestions submitted. No action was taken.

#### **C. Garbage**

It was agreed that garbage collection has become an issue in the neighborhood, dumpsters are placed throughout the community, trash piles up around the dumpsters and the pickup of dumpsters creates additional noise. The concept of placing all the community dumpsters at the Mariposa County Public Works yard in Yosemite West was evaluated. It was decided not to be an ideal solution to the problem. No action was taken.

#### **D. Construction Impacts**

The issue of creating and enforcing construction rules to reduce problems of noise, trash, porta-johns and traffic were discussed. No action was taken.

**E. YWPHI Membership Dues**

Raising YWPHI dues was discussed. Membership has fallen while costs are increasing. No action was taken.

**F. Future Board Meetings**

Dates for future Board meetings and events were discussed and accepted; the next YWPHI board meeting is December 29, 2007 followed by the YWPHI Holiday Open House at 3 p.m., other YWPHI Board meetings are April 5, 2008 and July 5, 2008.

The meeting ended mid-afternoon.

Respectfully submitted,  
Jeff Hornacek  
YWPHI Secretary
